

Dear *Youth Sports Organizations*,

Make a Change! You can, in a Few Simple Steps.

## Discover a Step-by-Step, Instructional Way to Protect Your Kids and Save Time & Money!

With this Free NAYS Video Course at your disposal, you will have an easy to follow method of understanding background checks and streamlining the entire process more than ever before.

**A good track record counts for a lot, and as you may know, Protect Youth Sports has established a very firm and reputable standing within the youth sports market for background screening. Benefitting from this very much proven history could not be any simpler, as over 5,000 organizations have found before.**

Many of the problems that youth sports leagues encounter with background checks are caused by low quality, state-level-only background checks. State level checks lead to missed records, incomplete records, out-of-date records and inadequate protection from sexual predators.

## New and Enhanced Techniques Included in the Latest Version of the \$7.95 National Background Check from Protect Youth Sports

“True” 50 State Sex Offender Search, National Criminal Database (over 400 million records), Free Alias Name Search, No False Positives or Incomplete Records, 100% Industry Compliance Guaranteed

- ▶ **Free Video Course** – backgrounds checks and streamlining the screening process
- ▶ **No Signup Fees** – when you are a qualified youth sports organization
